Felicity's

It's just as dramatic as anything on *Desperate Housewives* or a Hallmark channel flick! While Felicity Huffman, 56, recently pleaded guilty for her role in the "Varsity Blues" scandal, Lori Loughlin, 54, is still fighting allegations that she bribed college admissions officers, along with new fraud and money laundering charges – and a Hollywood insider tells *In Touch* that producers are scrambling to bring their story to the screen! On a recent edition of a YouTube series titled *How Much Is Your Outfit?* the Canadian rapper revealed he was wearing \$979,000 worth of clothes and jewelry backstage at London's O2 Arena in early April. The famously unlucky in love 32-year-old already stockpiles \$12,000 Birkin bags for "the woman I end up with" - bless his heart! - but this year, he kicked his spending into overdrive, shelling out \$400,000 for a diamond-encrusted iPhone case and an estimated \$1.4 million for a rare Mercedes-Maybach G-Wagen, which is not even close to being the most expensive car in his garage. One thing he'll sadly never be able to buy? Rihanna's love!

## CHRIS SNEAKS DAUGHTER ON DISNEY RIDE: CRAZY OR WHO CARES?

Thor star Chris Hemsworth is no hero in real life after he admitted to stuffing Snickers bars under his 6-year-old daughter India's heels at Disney because she wasn't tall enough to get on the Tower of Terror ride. It gets worse: He had to grab her when she almost flew out of her seat! "Maybe there's a reason there's a height requirement," he joked. But hardly anyone is laughing. "This could have ended horribly," said one appalled fan. A few were too busy swooning over Chris' dreamy looks to chastise him, but even Chris' *Avengers: Endgame* co-star Scarlett Johansson scolded the actor, calling his actions "wildly irresponsible."

(Makes sense: Fellow inmates are reportedly fed up with Billy behaving like "a pompous a--hole," which is exactly what Mike's MTV roommates thought of him before he got sober.) And Vinny, 31, says the Sitch is also pals with "the guy who leaked Jennifer Lawrence's nudes" – hacker George Garofano. "They play Scrabble together," adds Pauly. # KIM WALKS OU

Fed up with **Kanye West's** rants and demands, sources say **Kim Kardashian** has decided to leave her husband of nearly five years

## SHE'S DONE

"It might be my breaking point," Kim said on a recent episode of *KUWTK*, after yet another clash with Kanye, this time over where to live.

**K**im Kardashian's husband was stressing her out once again. On the April 7 episode of *Keeping Up With the Kardashians*, cameras caught Kim's nervous energy ahead of Kanye West's infamous *Saturday Night Live* appearance last September. "Inside I'm kind of freaking out a little bit, because live TV, you never know what could happen," she said. And boy, did she have good reason to worry: At the end of the show, the 21-time Grammy winner went off script and ranted about President Donald Trump while wearing a Make America Great Again hat, drawing boos from the audience. Afterward,

### HE'S NEEDY

Kanye "is expecting a lot more than [Kim] is giving," says Kris Jenner.

ng...

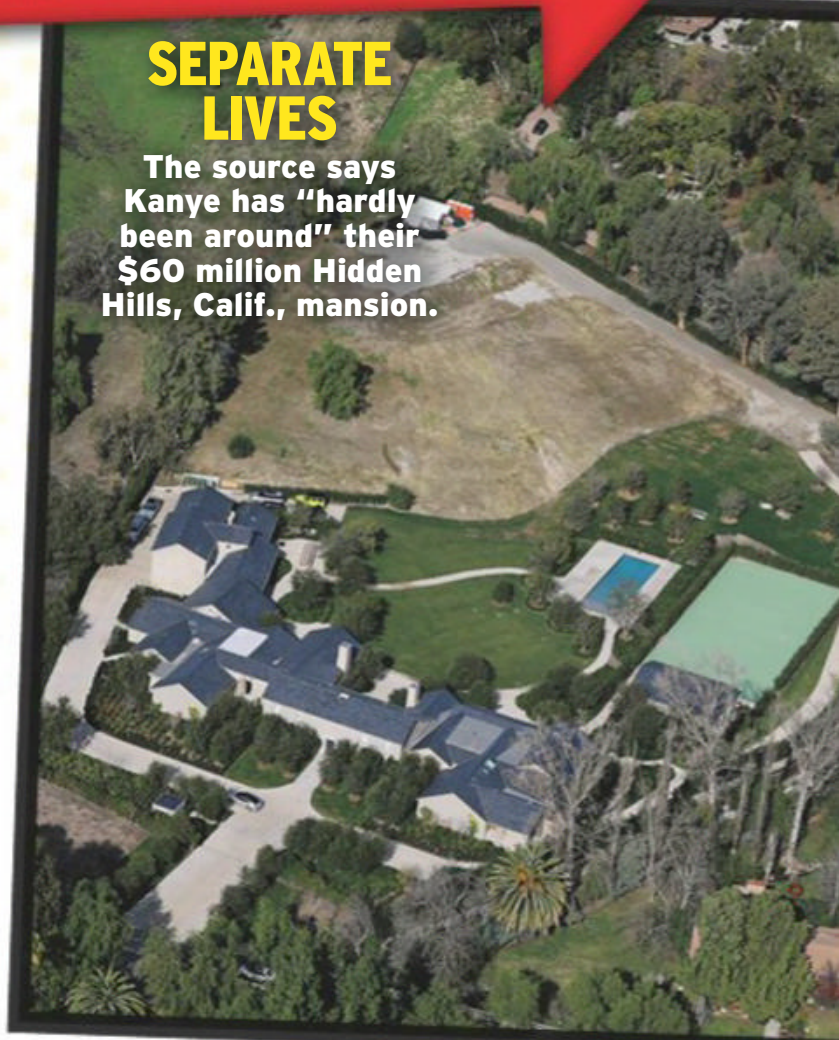

# T ON KANYE!

Kim's mom, Kris Jenner, advised her daughter to pay Kanye "a little more attention" in order to "keep him calm." Kim said, "I don't have much more to give."

As far as her marriage is concerned, Kim is all tapped out. "She is planning to leave Kanye the moment she welcomes her fourth child into the world via surrogate," a source says of the reality star, who shares children North, 5, Saint, 3, and 15-month-old Chicago with Kanye, 41. Over the course of their seven-year relationship, the moody musician's unpredictable behavior — insulting friends Jay-Z and Beyoncé during a concert, calling slavery a "choice" in an interview, bursting into tears at a Paris fashion show last June — have long upset the disciplined, business-minded entrepreneur. But his new demands that she dote on him constantly may have brought her to a breaking point. The source says the pair recently got into a "huge fight" at their \$60 million home in Hidden

### SEPARATE LIVES

The source says Kanye has "hardly been around" their \$60 million Hidden Hills, Calif., mansion.

# Kim Can't Find Happiness

## MARRIED AT 19

"I got married on Ecstasy," Kim has revealed of walking down the aisle with music producer Damon Thomas, 49, when she was just a teenager. In their divorce papers (they split in 2004), Kim claimed he was controlling.

## SEX TAPE WITH RAY J

In 2007, a private video she made with ex-boyfriend Ray J — she was also on Ecstasy when she filmed that! — leaked online. "We were like animals; sexually free to try anything, and we did," the singer, 38, recalled in his 2012 memoir.

## 72-DAY MARRIAGE TO KRIS HUMPHRIES

If you blinked, you missed it. Kim and former NBA player Kris Humphries, 34, got engaged in May 2011, tied the knot that August, and split by the end of October. Kim later admitted she knew on their European honeymoon that they were doomed as a couple.

Hills, Calif., over his jealousy: "He accused her of not giving him enough attention. It got out of control. Kim needs her freedom — she went and got the kids and stormed out, slamming the door!"

Now momager Kris is in damage-control mode trying to salvage her daughter's almost five-year union — Kim's third marriage — to the volatile hip-hop star, who's been open about suffering from bipolar disorder. "Kris is a huge fan of Kanye's and is trying to talk Kim out of going through another humiliating divorce," says the source. "Plus, now that there are kids involved there's bound to be a messy custody battle. Also, a divorce can be costly for Kim!" But the reality star, 38, is having none of her mom's pleading. Says the source, "Kim went home and changed the locks when Kanye wasn't there."

## INSIDE THE RIFT

Resentment between Kim and Kanye has been building for some time. With two of her sisters in crisis — Khloé's now-ex-boyfriend, NBA player Tristan Thompson, was famously caught in a cheating scandal with family friend Jordyn Woods, while Kylie Jenner has been going through a rough patch with her baby daddy, rapper Travis Scott — Kim has been focusing on her extended family. It's a reality Kanye resents. "Kanye lectures Kim about spending too much time with them," says the source.

But Kim, for her part, feels like there's a double standard. Her erratic husband often takes off to record his albums in far-flung locales (Paris, Wyoming, San Francisco), leaving Kim and the kids behind. "The way she sees it, there's one rule for Kanye and another for her," says the source. "He goes wherever he wants, but when he's in LA he expects Kim to run around after him 24/7. She feels more like his babysitter than his wife." (Kim recently told *Vogue* that Kanye was trying to cut back on traveling because it "set[s] off" his bipolar depression, adding that he's not on any antidepressants. "Being on medication is not really an option because it just changes who he is," she said.)

## CALLING ALL THE SHOTS

Kanye's need to control everything in their lives has also caused Kim major stress, sources say. (Remember the 2018 episode of *KUWTK* when he blew up because he didn't like the color Band-Aid she gave him?) Their

“

up with a  
lot, but

hit her  
limit”

— A SOURCE

most recent battle: what will happen in the delivery room when their surrogate gives birth. While they both agree that it will be filmed for the E! reality series, “Kanye wants to take over creative direction by turning what is supposed to be a personal moment into a full-blown, over-the-top show,” says the source.

To that end, he invited Kim’s estranged stepparent, Caitlyn Jenner, and her steady companion, Sophia Hutchins, according to the source, who says, “Kim went ballistic when she found out and said no way. Kris was fuming, too.” But Kanye thought that because Kim wanted the whole family to be present for the birth, “it was only fair to include Caitlyn, too,” says the source.

Another bone of contention: the baby’s name. “Kanye wants to name the baby King, but Kim thinks it’s a silly name and would rather go for something a bit cooler,” says the source. “She likes the name Miracle because she used her last frozen egg.”

Even small fights like those upset Kanye — so much so that he “goes MIA,” according to the source. “When Kanye’s pissed, he’ll switch off his cellphone and disappear for hours at a time so that he can clear his head. Kim’s worried that if the surrogate goes into labor early, she won’t be able to reach him and he’ll miss the birth. The problem is Kanye isn’t great at taking responsibility for

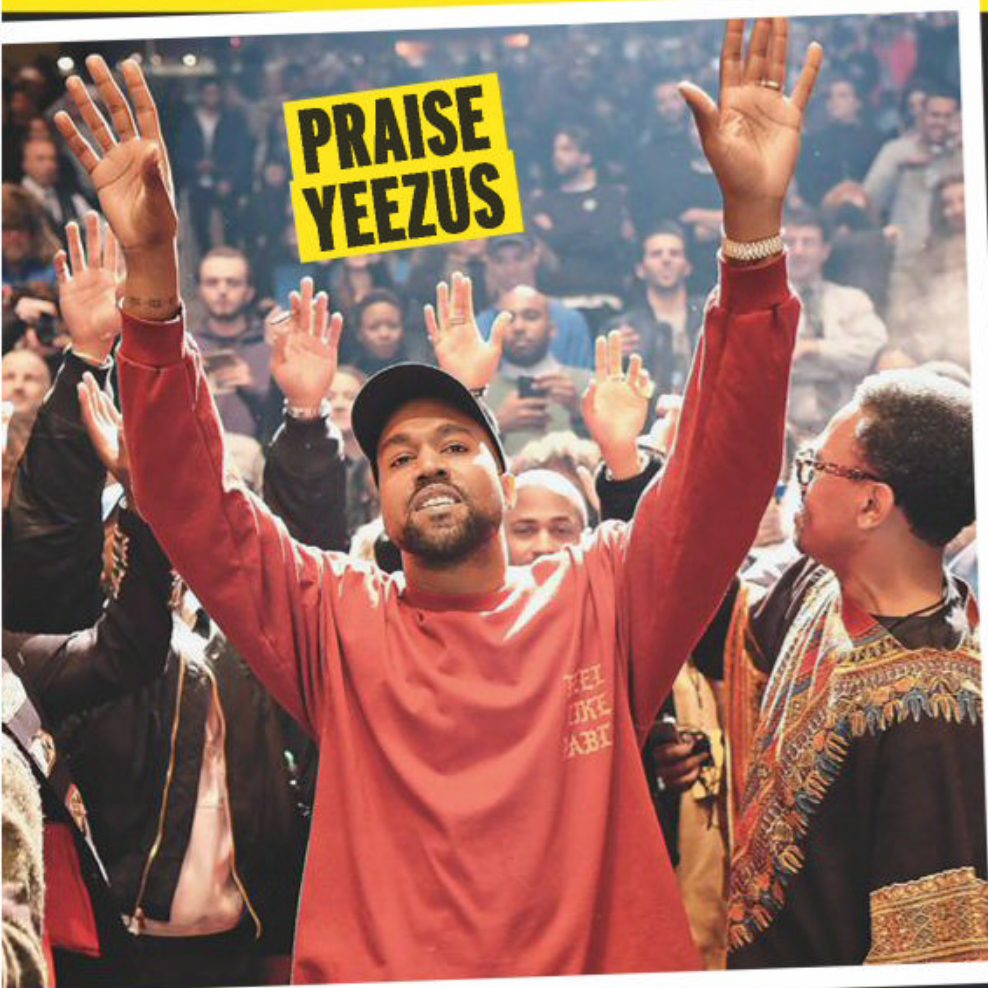

his own actions and will probably blame Kim if this happens.”

### WALKING AWAY

If Kanye does make it to the birth, that joyous occasion will likely be one of his last times together with Kim as a family. “After years of being a supportive wife, there’s only so much she can take,” says the source. “There’s no reason for her to stay trapped in a bad marriage. This isn’t a rocky patch they’re going through — they’ve been unhappy for years.” (Another insider notes that she stuck around for years because “she’s terrified” of what his reaction will be if they split.)

And while the thought of being alone for the first time in nearly a decade scares her, says the source, Kim is ready to be independent again. She revealed to *Vogue* that she’s studying to become a lawyer to continue her advocacy work for criminal justice reform, with an eye toward taking the bar exam in 2022.

She also takes comfort in knowing that she has her children, which are the best thing to result from her tumultuous marriage. “She keeps telling herself,” says the source, “that she’s got the amazing family she always dreamed of and is strong enough to deal with whatever the consequences may be of leaving Kanye.” ■

## KANYE’S LOST KIM — BUT HAS FOUND GOD!

Yep, Yeezus himself is starting his own religion. Kanye has already begun his “Sunday Services” worship events, and a source confirms that the rapper — who once posed as Jesus Christ with a crown of thorns on the cover of *Rolling Stone* and penned a song called “I Am a God” — will lead a “Christian-based” church in Calabasas. “He bought 100 acres of land,” says the source. “It will have a school, markets, housing and more, all for the followers.” The source says Kanye hoped to hold a “service” in the delivery room when he and Kim welcome their fourth child, but this missus wasn’t having it: “She’s against it. There’s a time and a place for his preaching and singing.”

Fights, money demands and lies cause the *Real Housewives* to im

**F**or years, reality TV fans religiously tuned in to Bravo's *The Real Housewives* franchises as new ones were added. Until they didn't. In 2011, the network canceled *The Real Housewives of D.C.* after it failed to connect with viewers because it was, as critics noted, so boring. *The Real Housewives of Miami* suffered the same fate after just three seasons thanks to low ratings and, fans have said, the lack of a true drama-magnet superstar. Now more *Real Housewives* shows are at risk, a source close to the network tells *In Touch*. "Bravo's invincible franchise isn't so invincible anymore."

*The Real Housewives of New York City*, *The Real Housewives of New Jersey* and *The Real Housewives of Beverly Hills* are close to crumbling, says the source, "and it could be the end of the *Housewives* as we know it." As some of the shows' most watchable stars reevaluate their commitments to their franchises — and jockey for higher salaries — it means one thing, adds the source: "All three shows are in serious jeopardy."

## ENOUGH!

*RHONY*, which is currently airing Season 11, is at risk of losing its most watchable drama queen, insiders say. "The show has been in trouble ever since Jill [Zarin, 55] left as a full-time cast member," explains the source. "They thought Bethenny [Frankel, 48] would be the magic bullet, but she's feuding with all of her castmates and feels she's above all of them — and she may threaten to walk again." Or she could demand a fatter paycheck to stay, which wouldn't sit well with her co-stars, who reportedly were furious when she got

## ON HER WAY OUT?

In March, news broke that Bethenny had signed a multi-year deal with MGM Television and Mark Burnett to generate unscripted TV projects for her to produce and possibly star in, which could inspire her to leave *RHONY*.

\$1.5 million to return to the show — much more than any of them make, says the source. "So whether Bethenny stays or goes, the show is in trouble. If she stays and gets even more money, there may be a mutiny!"

Many viewers tune in to *RHONJ* for one woman: Teresa Giudice, 46. "She is the show," says the source. But despite her nine-season run, she's not a sure thing moving forward, says the source. With husband Joe, 46, sitting in an Immigration and Customs cell awaiting a ruling

on his deportation appeal following a three-year prison sentence, Teresa's future is in limbo. "She could change her mind because of their daughters and go to Italy with Joe."

*RHOBH* is also facing a casting crisis after nine seasons. Lisa Vanderpump's war with everyone "is getting nastier," says the source. And Puppygate is only the tip of the iceberg. On a recent cucumber-martini-fueled episode, Camille Grammer, 50, bashed Lisa, 58, cruelly making fun of her capped teeth and gumline. "Every-

Bethenny (from top), Lisa and Teresa "are all key players on their shows, and they wouldn't be the same without them," a source tells *In Touch*. "Even if Teresa doesn't go to Italy with Joe if he gets deported, you never know with her — she can shock everyone and just quit at any time."

one thinks Lisa is finally going to decide she's had enough and quit." Asked if she's considered it, Lisa demurred, telling *In Touch* she just filmed a show and adding, "There are plenty of episodes to come...we don't even know if the show is getting picked up for another season."

But don't count any of the shows out for good, says the source. "Bravo isn't going to cancel them. It will first revamp each one and pump new blood into them — then pray the newcomers stick with fans." ■

**BABY BUMP?**

# Wendy's **SHOWDOWN WITH THE MISTRESS!**

## Wendy Williams braces for a confrontation with the woman who may have torpedoed her marriage

It was the elephant in the room. As audience members filed into the studio for the April 11 taping of Wendy Williams' talk show in NYC, the notifications popped up on their phones: The host had filed for divorce after nearly 22 years of marriage to her husband, Kevin Hunter, amid rumors that he cheated and impregnated his longtime mistress. "Everybody was on edge, talking about it, thinking it," one guest, Natasha, told *In Touch*, but when she got onstage, Wendy said "nothing about it. What happened to her was disgusting, but there were no tears at all. She seemed normal."

She was saving her ire for a specific target. An insider says Wendy is planning a showdown with the other woman, 34-year-old massage therapist Sharina Hudson, whom sources say Kevin has lavished with gifts, including cash for her New Jersey apartment and a car. "Even though Wendy is finally divorcing Kevin, she's still delusional when it comes to his actions — she blames the mistress most of all," says the insider. And while Wendy, a recovering cocaine addict who had been staying in a sober living facility to deal with stress until mid-April, was not yet "strong enough" for a fight, says the insider, "when she is, she wants to confront the woman who wrecked her marriage. Sharina is public enemy No. 1 in Wendy's book."

### FACE-TO-FACE

Especially because Sharina and Kevin are still very much together, *In Touch* has learned. While Sharina reportedly gave birth to Kevin's child in March, *In Touch* has obtained exclusive photos of the other woman outside her New Jersey condo — which is just miles from Wendy's home — in early April, showing what still looks like a baby bump. And according to an eyewitness, Kevin, 46, has been living there with her. "Every day Kevin leaves the show taping in the city, stops at his and Wendy's house and goes inside for an hour

### OUT FOR BLOOD

"It's about time Wendy opened her eyes about Kevin," says an insider. "Now her hatred is focused on the mistress. She's going to pay."

Wendy Hunter  
Plaintiff,  
v.  
Kelvin a/k/a Kevin Hunter  
Defendant.

SUPERIOR COURT OF NEW JERSEY

COMPLAINT FOR DIVORCE

Plaintiff, Wendy Hunter, residing at \_\_\_\_\_, County of Essex, State of New Jersey, \_\_\_\_\_ by way of Complaint against the Defendant says:

1. She was lawfully married to the Defendant on November 30, 1999 in a civil ceremony in Jersey City, New Jersey.

4. There exists irreconcilable differences between the parties which have caused the breakdown of the marriage for a period of six (6) months and which make it appear that the marriage should be dissolved as there is no reasonable prospect of reconciliation.
5. There have been no prior proceedings between the parties.
6. One child was born of this marriage. There may be support issues related to the parties' child, (age 18 1/2).
7. There is no reasonable prospect of reconciliation between the parties.

WHEREFORE, Plaintiff demands judgment:

- c. Establishing the appropriate amount of child support; and
- d. For such other further relief as the Court deems fair and equitable.

or so, sometimes taking out the trash, and then drives right to Sharina's house in a different car than he arrived in," says the witness. "Kevin and Sharina always seem very comfortable and happy together."

Wendy is outraged that they're playing house and calls Sharina "a home-wrecker," says the insider, adding that the talk show host will have no problem saying that to her face. "And it won't be pretty." Indeed, the 54-year-old — known for asking tough, personal questions of her guests on the show — will give Sharina the grilling of her life. "What Wendy mainly wants to know is why. Why did Sharina stay with Kevin for all these years?" And if Sharina's answers aren't to Wendy's liking, well...just watch out. "Wendy's not a fighter," says the insider, "but she's worried she won't be able to control herself."

It's likely Kevin, who reportedly flew into a rage after being served divorce papers — which Wendy allegedly had gift-wrapped! — will feel some heat, too. "I can see Wendy writing a tell-all book to spill her secrets about him," says a second source. "She will have the last laugh." ■

# PRISON BRIDE

Gypsy Rose Blanchard was abused by her mother for nearly 24 years, then killed her. Now insiders say she's getting her happily ever after behind bars

## BRAINWASHED

"She used me as a pawn," Gypsy has said of mom Dee Dee, who pretended her daughter was disabled and chronically ill her entire life.

Everything about Gypsy Rose Blanchard's life was a lie. For more than two decades, her mother, Dee Dee, exerted horrifying control over her, convincing doctors that Gypsy needed to be confined to a wheelchair, outfitted with a feeding tube, operated on and forced to take medication for a slew of conditions — leukemia, muscular dystrophy, epilepsy, asthma, chromosomal defects and vision and hearing issues — that experts now say she didn't actually have. Desperate to escape the abuse, Gypsy and a secret boyfriend she'd met online in 2012, Nicholas Godejohn, plotted to murder Dee Dee in

2015. Now, nearly four years into a decade-long prison term at Missouri's Chillicothe Correctional Center, life is actually "good," Gypsy has said. "I feel like I'm freer in prison because now I can just live like a normal woman."

A woman who's planning to get married, insiders say! The 27-year-old, whose mother convinced her she was four years younger, fell in love with a man who reached out to her a year and a half ago after seeing a documentary about her case and became her prison pen pal, family friend Francesca "Fancy" Macelli tells *In Touch*, and they got engaged early this year. "He visits her and

they talk several times a week," says Macelli, adding that Gypsy wants to keep her fiancé's identity private. "Getting engaged is just one of many things she wouldn't have ever been able to do with her mom."

## HER NEW NORMAL

Gypsy is "taking it slow" with her new fiancé, says Macelli, adding that the mystery man has forged a relationship with Gypsy's father, Rod, and his wife, who were kept at arm's length by Dee Dee for decades. "They don't know exactly what they're going to do when she gets out. It's a long way down the road, obviously, so things can change."

## HER NEW LIFE

The 10-year prison sentence for second-degree murder "is good for me," says Gypsy, who no longer has contact with ex-boyfriend Nick (below, serving life for murder). "What I did was wrong. I'll have to live with it."

## DOES THE ACT GET IT ALL WRONG?

*The Act*, a six-part series about Gypsy (played by Joey King) and Dee Dee (played by Patricia Arquette), has been a huge hit for Hulu. But according to family friend Macelli, Gypsy and her family are frustrated and unhappy with how she and others are portrayed in the project. "They're fabricating scenes that really change how people view Gypsy," she explains, noting that it's "such a crazy story, you just don't need to do that." Now Macelli is working on her own drama series, *By Proxy*, with the family's participation.

For now, Gypsy is focused on taking charge of her own life — despite being behind bars. "The prison I was living in before with my mom...I couldn't walk, couldn't eat, couldn't have friends," Gypsy has said. She, along with many experts, believes Dee Dee had Munchausen syndrome by proxy, a condition in which a caregiver falsifies or inflicts illness on another person to gain attention. Despite years of unnecessary medical procedures, Gypsy thankfully has no lingering health issues. And though friends had been led by Dee Dee to believe Gypsy had the mental capacity of a 7-year-old, the young woman is now taking cosmetology and GED

classes and "gets very good grades," says Macelli. "This is the first time Gypsy's had real interactions with people. She's walking, eating whatever she wants, doing her makeup and hair — things she was not afforded with her mother."

Gypsy's loved ones are now fighting for her to be truly free. Her father started a Change.org petition to request "any relief" from Missouri's governor for her 10-year sentence, and she hopes to become an advocate when she gets out. "She wants to speak out on child abuse, Munchausen by proxy," says Macelli, "and share what she experienced so other children can be helped." ■

"It's truly an honor to find out that Charlize Theron is playing you, but I am a little scared because...I don't want anyone misrepresenting [me]," Megyn Kelly, 48, said of the film version. At least Charlize, 43, looks the part!

## WHAT'S WRONG WITH TOM?

**T**om Cruise isn't exactly taking people's breath away on the set of *Top Gun: Maverick*. "He seems on edge for some reason and has been snapping at the crew over things that never bothered him before, like people chatting on the set between takes," claims an insider. "He's irritable and impatient. He used to call almost every crew person by name, but doesn't anymore." In February, Tom, 56, came under fire from U.S. Navy sailors claiming to be serving aboard a ship where *Top Gun: Maverick* was filming. "Tom was telling the [ship's] crew not to talk or look at him," wrote one person online. Others (see right) chimed in, calling the A-lister "very arrogant," "a diva," "disgusting" and "disrespectful." (A Navy rep called Tom "nothing but gracious and professional" and suggested the sailors "misinterpreted guidance" from superiors. A rep for Tom didn't respond when asked for comment on the ship incident or his current behavior on the set of *Top Gun: Maverick*.) "Something is off," insists the insider. "Crews usually love working with Tom, but his last two films...he's been different."

Since Facebook took now my previous post, I will say it again. The piece of s\*\*\* Tom Cruise was on my sister's ship yesterday in San Diego filming Top Gun 2 being completely disrespectful to our Sailors walking down the hallways telling the sailor's not to look at him talk to him or his crew, and if they were in his way while he was walking down the hallway ways to get out of the way. And if any of you have ever walked down a hallway of an aircraft carrier it's practically impossible not to bump into each other. I wish one of them would have thrown his dumbass overboard. Asshole pretending to be a sailor.

## GET READY FOR THE VIEW: THE MOVIE!

Today's hot topic: A TV movie about *The View*! "All the backstabbing, screaming and backstage drama that was revealed in *Ladies Who Punch: The Explosive Inside Story of The View* is going to make it to the small screen," a source tells *In Touch*. "Networks like Lifetime are clamoring to make a movie about the real-life drama on the ABC talk show, so they'll be looking for actors who can pull off Whoopi Goldberg, Joy Behar, Rosie O'Donnell, Star Jones, Elisabeth Hasselbeck and, of course, Barbara Walters." The women of *The View* probably won't be rushing to tune in, "but fans of the show and the book are going to eat it up," adds the source. "Their tears and the brawls are like a real-life soap opera – it's perfect fodder for a TV movie of the week."

### Felicity's

## FORMER ASSISTANT TELLS ALL!

Felicity Huffman and Lori Loughlin are facing prison time for their roles in the college admissions scandal. Now a woman who was close to both of them is telling all. "I worked for Felicity and Bill [her husband, William H. Macy] 10 years ago as their assistant; then I was working with Lori on *Garage Sale Mystery* about a week before the scandal came out," April Telek, 43, tells *In Touch*. Felicity, 56, and William, 69, "were extremely generous employers and wonderful parents. They were totally good, solid, upstanding individuals who put family first. I'm shocked, because knowing the way they raised their daughters, I feel like the girls were probably quite capable of getting where they needed to go on their own." As for Lori (inset), 54, "I guess she was aware of everything but we would never have known about it all. Nobody knew!"

## WHY BEN & LINDSAY SPLIT — AGAIN!

That was fast! Ben Affleck and Lindsay Shookus, who reunited in February after being broken up for five months, have split again. "After having a lengthy discussion about where their relationship was going, they both agreed it was unrealistic to take things to the next level because of family commitments and living arrangements," says a source close to the on-off couple. The *Saturday Night Live* producer, 38, doesn't want to disrupt her daughter Madeline's life by moving her from New York to LA, and Ben, 46, can't move his kids to New York, "so they decided to call it quits. It was all very emotional. It's a tough situation because they love each other and no one cheated, but their children will always come first." Ben's drinking played a role in their first breakup — he entered rehab right after it — but this time, says the source, "he wasn't off the rails. Ben has done a lot of growing up since leaving rehab and says he owes it to his kids to bring some stability into their lives after the divorce [with Jennifer Garner, 47] and everything else. It's a classic case of 'right relationship, wrong time.'" As for Jen's feelings on the split, "she had warmed to Lindsay," notes the source, "but I wouldn't say that she's particularly upset about the breakup."

## Hailey to Justin: **YOU NEED A MAKEOVER!**

Justin Bieber's scruffy, shaggy new look isn't flying with model wife Hailey Baldwin. "She loves him, but she misses his old style and wants to give him a makeover," a source close to the newlyweds tells *In Touch*. "She's tired of him looking like Jeff Daniels' character from *Dumb and Dumber*. Justin loves that movie and thinks it's a funny comparison, but Hailey is serious – it's not a cute look." The model, 22, told Justin, 25, he needs to hire a stylist, adds the source. "Hailey would love to see him in a tuxedo again on the red carpet, looking like a movie star with her by his side, of course. He needs to ditch the sweatpants, droopy shorts and wild hair."

## *Katherine* **POOH-POOHS A PRENUP**

Hasta la vista, prenap! Katherine Schwarzenegger – daughter of Arnold Schwarzenegger and Maria Shriver – stands to inherit over \$100 million, but the author, 29, still vetoed signing a prenap with Chris Pratt, 39, before their upcoming wedding. "She doesn't want it to kill the romance," says a family insider. Katherine's current net worth is estimated at \$3 million, while Chris' is said to be \$40 million. But he's not asking for a prenap, either, says the insider. "Because of the family money, she's risking more," attorney Goldie Schon, who doesn't represent Katherine or Chris, tells *In Touch*. "I'd strongly advise getting an agreement in place before the wedding."

## **MIRANDA'S HUSBAND HAS A MAN BAN**

No Men Allowed. That's the sign people may see hanging on Miranda Lambert's bus when she kicks off her tour this summer. "She's happily married, and her new husband [Brendan McLoughlin] wants to keep it that way," a source tells *In Touch*. "He banned any extra men from being on her tour with her – and women only as opening acts." For her Sept. 21 stop at Northern Kentucky University, the country crooner, 35, will be joined by Elle King, Pistol Annies and Caylee Hammack. Miranda famously started dating Turnpike Troubadours lead singer Evan Felker, 35, after he opened for her, which resulted in the end of his marriage, which Brendan, 27, is well aware of. "Miranda thinks it's sweet, but of course he has nothing to worry about – she only has eyes for him."

## GONE TOO SOON

"I've been a bit of a recluse," Jackie says of the years since her daughter Victoria "Rikki" Siegel died in 2015 after overdosing on methadone (a narcotic often used to treat opioid addiction) and antidepressants. But after publishing a book of Victoria's journal entries, "I finally have the courage to come out in the public eye."

# THE QUEEN OF VERSAILLES:

# My Daughter Will

Florida socialite Jackie Siegel says her daughter may be

inTouch

**JACKIE  
SIEGEL**

**A**fter the tragic death of her teenage daughter to a drug overdose three years ago, Jackie Siegel felt compelled to do something to help other kids and parents dealing with substance abuse and mental health issues. So she and her tycoon husband, David — the subjects of the 2012 hit documentary *The Queen of Versailles*, which followed the couple as they attempted to build “the biggest house in America” — published *Victoria’s Voice: Our Daughter’s Dying Wish to Share Her Diary and Save Lives From Drugs*. The book is a compilation of Victoria’s journal entries detailing her struggles with anxiety and bullying, which, Jackie says, began after their family became famous. “In her diary, she says having our lives documented in *Queen of Versailles* was the worst thing to happen to her,” reveals Jackie. “Victoria just wanted to be normal. When kids at her public school found out she was rich, they started picking on her.” Here, the 53-year-old mom of David, 19, Daniel, 18, Debbie, 17, Drew, 15, and 12-year-old twins Jacqueline and Jordan (she and her 83-year-old husband, David, the owner of *Westgate Resorts* time-shares, also raised their 24-year-old niece) talks to In Touch’s Diana Cooper about her crusade to bring awareness to the ongoing opioid epidemic, selling the 90,000-square-foot Versailles mansion in Or-

lando, and her daughter’s legacy.

#### **Why publish your daughter’s journal?**

**JS:** When Victoria died, her friend forwarded me a text from her saying she wanted me to find her diary and publish it because she thought it would help other teens know they’re not alone in wanting to escape pain and depression.

#### **Any reservations about putting her private thoughts out there?**

**JS:** Yes, it was a difficult decision to come out with something so intimate, but it was her dying wish. And the drug epidemic has gotten even worse. We’re hoping we can help others.

#### **Tell us about her addiction.**

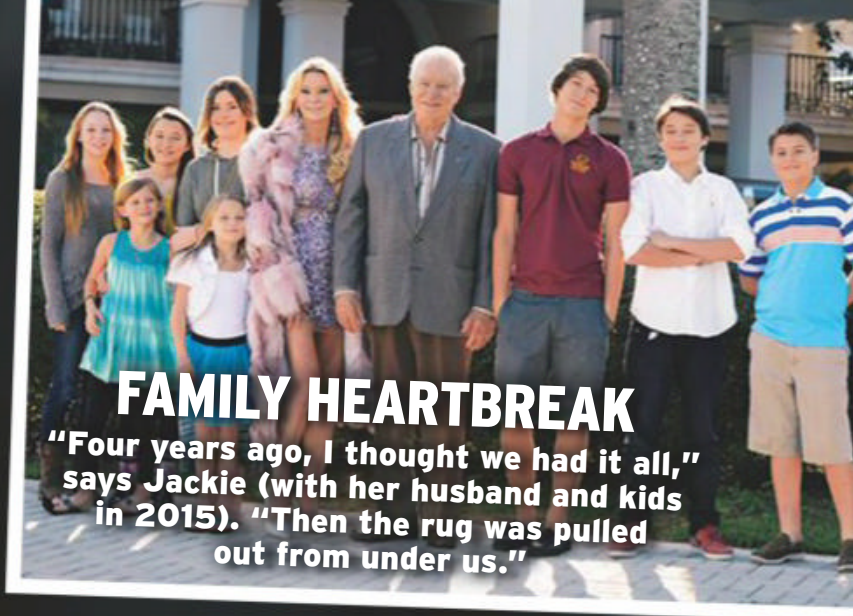

**JS:** She told us she was having anxiety and a hard time at school. We took her to a psychiatrist who gave her a month’s supply of Xanax. That was that, and we thought she was fine.

#### **What happened after?**

**JS:** We found out the next year she met a drug dealer at school and became addicted to Xanax. She could take a handful and not feel anything. That’s when she came to me and said she needed rehab.

#### **Wow.**

**JS:** We took her to rehab, where she fell in love with an older heroin addict. She started doing

it with him, and a month later, she overdosed.

#### **How are you coping now?**

**JS:** I’ll see some of her friends with their moms out shopping, and it breaks my heart because I’ll never have that. I feel like crying now. But, life has to go on.

#### **How do you keep her memory alive?**

**JS:** I have an altar in the house, and we light candles and incense every day and say a prayer. I feel like she can hear me.

#### **Are you still trying to sell the Versailles mansion?**

**JS:** No one can afford it. It’s worth \$100 million. First you have to find someone with that money, then you have to find someone who actually wants to live in Orlando. We’re going to use it for charity events for Victoria’s Voice Foundation. No amount of money can bring her back, but at least we can try to save other people. ■

HOW SMOOTH  
CAN SHE BE?!

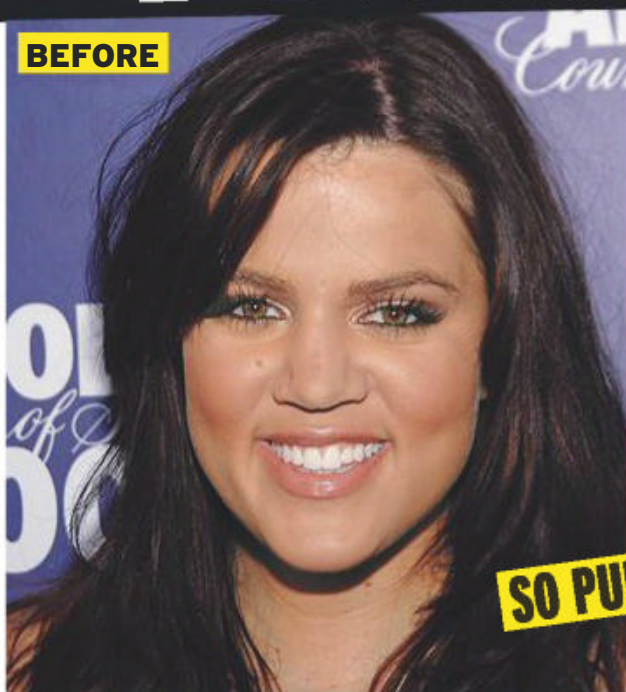

### NICOLE KIDMAN

The actress, 51, debuted a new look on set recently, but it's not the auburn hair that has people talking. "It appears she's had a mini face-lift," says Denver plastic surgeon Dr. Manish Shah, who notes her "tight jawline" and also suspects a brow lift.

### KHLOÉ KARDASHIAN

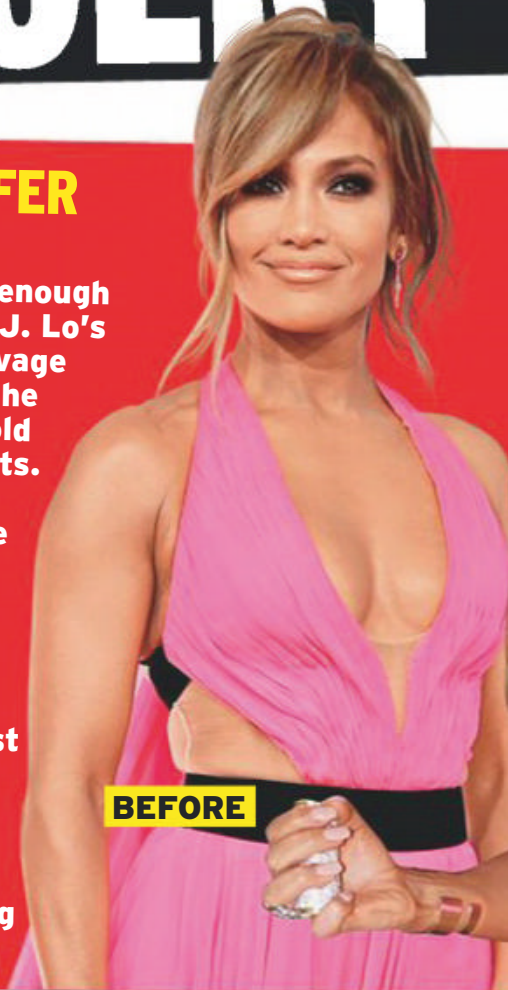

In 2016, Khloé, 34, had excessive facial fillers dissolved, and now it seems she's gone under the needle again! "Her body's slimmer but her face is fuller, likely from filler injections to plump her cheekbones," believes Dr. Schulman.

### JENNIFER LOPEZ

She's hot enough as-is, but J. Lo's fuller cleavage suggests the 49-year-old got implants. "Jennifer might have had a modest chest enhancement with small breast implants," says Dr. Schulman of the age-defying star.

# MORE HAIR GROWTH

**T**ocotrienols, found in palm fruit, are known as super antioxidants and are now showing positive results in promoting hair growth. They work by lowering scalp oxidation and may allow for better—and new—hair growth.

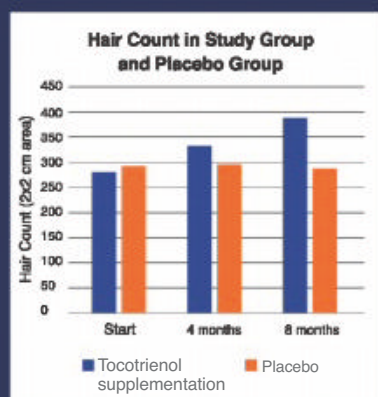

Several studies done at the University of Kuala Lumpur in Malaysia have shown significant increases in hair count. The findings have been published in scientific journals to inform health care professionals worldwide, about the amazing results.

The US patented tocotrienol complex is now available in the US through the product Hair Gro™, by New Nordic, and sold at most Walgreens pharmacies and online.

## STUDY RESULTS

Researchers studied an area of the scalp equal to 2x2 cm and counted the hairs at the beginning of the study, at 4 months and at 8 months. At the end of the study, the participants on the tocotrienol supplement had gained on average 34.5% more hair or an increase in average hair count from 285 to 383 hairs.\*

\*Tropical Life Sciences Research 2010 "Effects of Tocotrienol Supplementation on Hair Growth in Human Volunteers" Beoy, Woei and Hay, University Sains Malaysia.

## HAIR GRO WORKS!

Steffani experienced higher-than-usual hair loss due to stress. "I was concerned as I noticed a drastic difference in the thickness of my hair, so I went looking for help."

"My mother had used New Nordic's hair products with great success, and she had seen the new Hair Gro™ product in stores. I went online and read about how the ingredients were clinically shown to stimulate new hair growth. I was excited.

I planned to take Hair Gro for just a few months, but my mother reminded me that hair takes a while to react. I'm glad I listened to her because after 4-5 months, I started to notice an increase in growth and it was easier to grow the hair longer. My friends even noticed the difference.

Now I feel so confident and happy about my hair, thanks to Hair Gro. I highly recommend this product to anyone with thin hair."

### Breakthrough

WED. 4/17, PG (PREVIEW)

Chrissy Metz just loves to make us cry, doesn't she? In this inspirational true story, the *This Is Us* star plays mom Joyce Smith, whose adopted son, John (Isaac Kragten), falls through an icy lake. (Yes, the title is a pun.) Doctors were ready to declare him dead, but Joyce didn't lose faith, rallying her community to use the power of prayer in hopes of a medical miracle. Spoiler alert: John lives! Josh Lucas, Topher Grace, Dennis Haysbert and Mike Colter are also along for the emotional journey.

### The Curse of La Llorona

FRI. 4/19, R (PREVIEW)

Part of *The Conjuring* universe that also includes *Annabelle* and *The Nun*, this 1970s-set scarefest follows a widowed mom (Linda Cardellini) who learns the hard way about the child-snatching bogeywoman of Mexican lore.

### Penguins

WED. 4/17, PG ★★★★★  
DisneyNature's delightful documentary follows plucky penguin Steve as he looks for love and ducks danger in the icy Antarctic. Wryly narrated by Ed Helms and backed by a spunky soundtrack (Whitesnake's "Here I Go Again," anyone?), it's informative and fun.

### Little Woods

FRI. 4/19, R ★★★★★  
Facing foreclosure after their mom's death, two sisters (Tessa Thompson and Lily James) attempt a risky run over the Canadian border for OxyContin to make fast money. This grim but gripping drama shows how decent people can be driven to crime by desperation.

If you are feeling exhausted and in need of revitalization, you should consider a detox or cleanse. With Active Liver™ you have the tool to do this gently and on a daily basis.

# Detox your body - every day!

Each day, our liver is working hard to remove waste products and toxins from processed foods, unclean air, water and even our own body. But as we get exposed to increasingly more toxins, the liver struggles to remove them all and can start storing them in our body fat. We quickly may notice the results in our energy levels, in our lack of youthful appearance – and surprisingly, on our waistlines.

## UNJUNKING YOUR BODY

A detox, like a water or juice fast, is an excellent way to rid the body of stored toxins, but it is often difficult to abide by, and involves days or even weeks of feeling tired and sick. However, there are other ways.

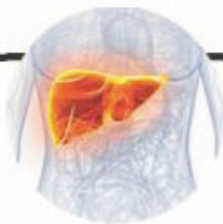

## DETOX WITH ONE TABLET A DAY

Active Liver™ is a dietary supplement that helps promote a healthy liver and helps you detox on a daily basis – all year round. With just one tablet a day, it gently but effectively uses known herbal extracts to facilitate detoxing of the body –without the “side effects”.

### DID YOU KNOW?

#### The Liver & Your Waistline

The liver is an important fat burning organ. If the liver is sluggish or clogged with waste material, it can start building up around the waistline, and even inside the internal organs (which may lead to a fatty liver). Making sure your liver is working well will help you flush fats from the body.

Does this sound like you? Then try Active Liver as a help to promote your liver health.

Active Liver™ by New Nordic contains milk thistle, an herb known for protecting the liver and reducing heavy metal toxicity. It also contains turmeric, a superfood and one of the most anti-inflammatory and protective antioxidants known. Finally, Active Liver contains globe artichoke, a plant used for centuries for increasing bile production. Bile is used to bind and flush toxins and fats from the body.
